PUBLIC FIRE PROTECTION

AVAILABLE:

For the public hydrants connected to the Fort Fairfield Utilities District's system on April 01, 2021, there shall be paid to the District by the municipality served an annual fire protection charge as follows:

RATE:

Municipality of Fort Fairfield Maine

For the existing 87 hydrants, a total annual amount of \$ 132,773.00

Rates for hydrants installed after April 01, 2021, shall be determined in accordance with the Public Utilities Commission Rule Chapter 69.

All public fire hydrants now existing or to be installed will be cared for and maintained in good working order by the District. Once any fire hydrant is actually installed and in operation, the total annual fire protection service charge then in effect will not be reduced should the municipality served order one or more hydrants discontinued.

Should the municipality served order any hydrant or hydrants moved to a different location, the municipality served shall pay to the District all costs of moving said hydrant or hydrants.
