**SHEET #1  
SECOND REVISION**

**Annual Water Rates to Unmetered Customers**

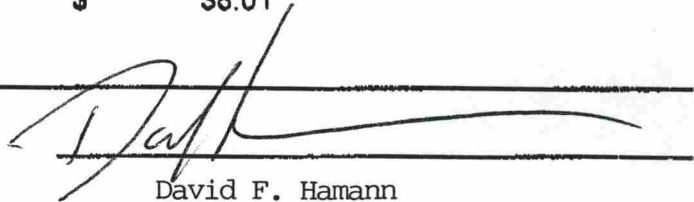

- 1 Flat rate will apply to each separate dwelling place and to each commercial installation unit.
- 2 Each individual fixture or piece of automatic equipment connection to the cold water service will be charged at a yearly flat rate payable quarterly.
- 3 More than one fixture of the same type in each dwelling place will be charged as additional fixtures.
- 4 Each separate dwelling place (one-family home, or each apartment of a multiple occupancy building) or commercial installation is considered to be a connection to the water system. A connection fee will be charged for the entire year unless the service line is opened between to service entrance valve and the building. Turning off the service entrance valve is not a disconnection.
- 5 If the service entrance valve is turned on or off during any quarter, the fixture fee will be charged on a pro rata basis.
