

**St. Francis Water District
St. Francis, Maine 04774**

**SHEET #1
SECOND REVISION
SHEET 1 OF 2**

Domestic Service Rates:

This rate is available to all residential, commercial and governmental customers not covered by any other special rates in this schedule.

Quarterly Billing

Service Charge per Equivalent User	\$63.81
Water Use Charge per Equivalent User	\$31.48

Monthly Billing

Service Charge per Equivalent User	\$21.27
Water Use Charge per Equivalent User	\$10.49

Each customer shall be billed in accordance with this schedule. The number of equivalent users on each individual service connection shall be determined by the District. Each single family residence or dwelling space and each individual commercial space shall be considered one equivalent user. Where multiple residential dwelling units or commercial establishments are served through a common or shared service line, each unit shall be considered an equivalent user. All equivalent users on a service line shall be billed each period water service is provided to any user on the service line. The Service Charge shall apply to unoccupied but connected users. The Water Use Charge shall apply to all users taking water at any point during the billing period. All users shall be assumed to be taking water unless the District is notified of unoccupied units by the customer.

Terms of Payment:

Bills under this rate are net and will be due and payable upon presentation.

Issued:	October 19, 2015

PUBLIC FIRE PROTECTION

AVAILABLE:

To the Town of Saint Francis for Municipal Fire Protection

RATE:

The rate for existing hydrants as installed on the system at January 1, 2016, shall have a charge of :

\$13,865 Annually
\$3,466 Quarterly

Rate for hydrants installed after January 1, 2016, shall be determined in accordance with the Public Utilities Commission Rules and Regulations Chapter 690.

All public fire hydrants now existing or to be installed will be cared for and maintained in good working order [unavoidable accidents accepted] by the District. Once any fire hydrant is actually installed and in operation, the total annual fire protection service charge then in effect will not be reduced should the municipality served order one or more hydrants discontinued.

Should the municipality order any hydrant or hydrants moved to a different location, the municipality shall pay to the District all costs of removing and re-installing said hydrant or hydrants.
